

Admission Entry Policy to International Jewellery & Watch Fair (IJWF)

Expertise Events' (Organisers) purpose in conducting the IJWF Exhibition (**Event**) is to provide the jewellery, watch making and associated industries with a forum to exhibit their product and services, sell and order take, exchange information, and opportunities for business growth, by catching up with past, present and potential new customers.

Attendees will see the latest products and services available in the marketplace, and the ability to network and engage with Exhibitors, industry participants and overseas supplier/manufacturers.

Exhibitors are encouraged to be educational, communicative and informative in their exhibit displays and contact with attendees.

Our goal is to ensure that we do what we can to ensure your investment is protected and maximised.

Exhibitors are there to present, educate the industry, sell, and maximise the exposure of their goods, services and organisation and not be sold to, and equally not to have non-participating organisations promoting themselves at the Event who are not contributing to its success. We ask the Exhibitors on the show floor work with us in protecting their collective investment.

We also acknowledge trade events and exhibitors invest a lot of time and money to attend with the intent of meeting new and existing customers.

The exhibition is a business-to-business activity and exhibitors are present to meet industry representatives. They will give priority to visitors to their stands to whom they can sell their products and services. Please be aware that there will not be appropriate representatives on the exhibitor stands who can answer questions relating to career advice.

All students should be smartly dressed and wear their badges throughout their visit to the Event.

For any students attending in groups, permission is required from the Organisers. Please email your request to info@expertiseevents.com.au
